Biocair expands operations in India by opening office in Bengaluru

13 February 2024 | News

For further collaboration with customers and moving science forward in India

Biocair, an award-winning global life science logistics expert, has announced the opening of its office in Bengaluru on February 13, the company's fourth office in India.

Spread over 2500 square feet, Neha Naik, General Manager Biocair India, inaugurated the new office in the presence of customers and key partners. Biocair has a presence in the country since 2021 with its corporate office in Mumbai, and other locations in New Delhi and Chennai.

Neha said “The pharma business in India is worth about $50 billion in 2024 and is expected to reach $100 billion by 2030 - we want to be part of this growing market. With an increasing customer base, Biocair India’s team of logistics experts provide 24/7 collection, delivery and support including weekends and holidays, with on-site training available. With the opening of the Bengaluru office, we are eagerly looking forward to further collaborating with our customers and moving science forward in India. “

Commenting about Biocair’s unique partnership approach, Ms. Naik said “Our local experts based in India assist with regulatory and documentation requirements for import/export. The result is a new offering that enables operational and supply chain excellence in the rapidly expanding Indian R&D and healthcare sectors.”

Biocair has built up a unique, client-centric approach by employing scientists in front-line logistics positions and assembling a team of best-in-class industry experts in quality, cold chain and regulatory compliance. As members of the many regulatory associations such as UK Authorised Economic Operator (AEO) and The International Air Transport Association (IATA), and having certifications such as ISO 9001:2015 and wholesale dealer licence from the Medicines and Healthcare products Regulatory Agency (MHRA), Biocair is extensively qualified to manage time and temperature-sensitive biopharma materials.

Since 1986, Biocair has established a global reputation as a leading GDP logistics specialist within the pharmaceutical, biotechnology and life sciences sectors. With around 550 colleagues worldwide providing specialist logistics services to more than 160 countries through a global network of partners, Biocair offices are located in the UK, France, Belgium, Germany, USA, South Africa, China, Singapore and India.
