

Marengo Asia Hospitals to establish comprehensive CoE for cardiac sciences in Mongolia

23 February 2024 | News

To develop an end-to-end Cardiac Sciences Centre of Excellence at Intermed in Mongolia

Marengo Asia Hospital, India has entered into a multi-year agreement with Intermed Hospital, Mongolia under the concept of 'Clinical Corridors' to establish the first-ever comprehensive Cardiac Sciences Center of Excellence (CoE) in Mongolia.

The ground-breaking initiative is aimed at offering advanced treatments for cardiac health to the population of Mongolia, leveraging the pivotal role and expertise of the Marengo CIMS Cardiac Sciences team across various aspects of CoE collaboration.

This pioneering endeavor is a significant milestone for Marengo Asia Hospitals and will be spearheaded by Dr Raajiv Singhal, Managing Director & Group CEO, Marengo Asia Hospitals. Marengo CIMS Hospital will develop the blueprint for the CoE led by Dr Anish Chandarana, Chief Cardiologist, and Dr Dhiren Shah, Chief Cardiac & Heart Transplant Surgeon from Marengo CIMS Hospital.

Intermed Hospital has planned an expansion project to increase hospital capacity to be completed by 2024 enabling them to serve over 15,000 inpatient admissions and over half a million outpatients annually.

Under this collaboration, Marengo Asia Hospitals will conduct comprehensive assessments and gap analysis at Intermed Hospital, facilitating training initiatives, manpower allocation, equipment procurement, and dissemination of protocols covering various cardiac conditions such as chest pain, STEMI, and quality matrix adherence.

Marengo Asia Hospitals will also assist Intermed Hospital in creating a specialized infrastructure optimized for delivering superior cardiac care services, with a focus on attaining international accreditation standards and organizing Continuing Medical Education sessions and Quality Conclaves.
