

DPIIT inks MoU with Startup Policy Forum to boost India's startup ecosystem

06 January 2025 | News

Aimed at establishing India as a global innovation hub

The Department for Promotion of Industry and Internal Trade (DPIIT), under the Ministry of Commerce & Industry, has entered into a landmark partnership with the Startup Policy Forum (SPF), a premier industry organisation representing India's leading new-age companies. This strategic collaboration aims to establish India as a global hub for innovation and entrepreneurship.

A highlight of this partnership is the upcoming SPF Startup Baithak, a flagship event scheduled to take place on January 15-16, 2025, at Bharat Mandapam as part of the National Startup Week celebrations.

The event will serve as a dynamic platform for fostering meaningful collaborations between DPIIT and SPF members, showcasing groundbreaking innovations, and announcing new initiatives. Furthermore, SPF will join hands with DPIIT to curate specialised immersive programmes, designed to connect global investors with India's vibrant startup ecosystem.

Speaking on the occasion, Sanjiv, Joint Secretary, Startup India, shared, "This strategic collaboration with SPF underscores DPIIT's unflinching commitment to create a congenial atmosphere where startups could thrive and contribute immensely to India's mission of becoming a global innovation hub. The SPF members represent the essence of India's entrepreneurial spirit and their participation in this mission will play a crucial role in achieving the goal of developed India by 2047."
