Innovative India Pavilion opens to record attendance at BIO International Convention 2025, Boston

17 June 2025 | News

A Letter of Intent was signed between BIRAC and Miltenyi Biotec India

Day 1 of the BIO International Convention Boston 2025, on June 16, marked a remarkable start for theInnovativeIndiaPavilion (Booth #3285), which welcomed a record number of visitors and partnering registrants, showcasing India's dynamic biotechnology ecosystem on a global platform.

The opening ceremony of the Innovative India Pavilion was inaugurated by distinguished leaders— Dr Jitendra Kumar (MD, BIRAC), Dr Dhananjay Tiwary, Dr Mahesh Bhalgat, and Dr Priya Kapoor-G Hingorani (MD, Miltenyi Biotec India). The pavilion features participation from 20 leading exhibitors from India, representing the strength and diversity of India's biotech industry.

A Letter of Intent (LoI) was signed between Dr Priya Kapoor-G Hingorani (MD, Miltenyi Biotec India) and Dr Jitendra Kumar (MD, BIRAC) at the Innovative India Pavilion, marking a significant step towards establishing a state-of-the-art laboratory in India—a testament to the growing international collaborations fostered at BIO 2025.

Throughout the day, the pavilion attracted prominent biotech business leaders from the USA, including Rahul Singhvi and many others, who interacted with the Indian exhibitors, exploring opportunities for partnership and innovation.

Key participating organisations include Lupin, Veeda Lifesciences, Dr Chandra Madhavi, Virchow Biotech, Pandorum Technologies, Advy, Chetan Raj Singh, Viruj Pharma, HiMedia Laboratories, Ipca Laboratories, Crescent Innovation and Incubation Council (CIIC), Mediclone Biotech, and more.

The Innovative India Pavilion stands as a vibrant hub for international collaboration, investment, and knowledge exchange, solidifying India's position as a global leader in biotechnology and life sciences.
