Marengo Asia Hospitals and Metis to build future-ready centres of excellence

Marengo Asia Hospitals has announced a strategic clinical partnership with Metis – The Medicity Hospital, a leading multi-specialty healthcare facility located in Varanasi.

With this partnership, Marengo Asia Hospitals strengthens its presence in North Cluster and expands its network to five hospitals, with over 1,800 beds.

Metis – The Medicity Hospital is a 300-bedded tertiary care hospital, strategically located along the NH2 corridor, serving as a crucial healthcare hub for patients from eastern Uttar Pradesh, western Bihar, and surrounding regions. Spread across a spacious green campus, the hospital is equipped with modular operation theaters, 24x7 emergency and critical care services, state-of-the-art diagnostics, and advanced surgical infrastructure.

With this partnership, Marengo Asia Hospitals will lead the operations and management of Metis – The Medicity Hospital. The integration will bring in Marengo Asia Hospitals' robust clinical protocols, technology-driven systems, quality governance, and outcome-based care delivery models. This collaboration is part of Marengo Asia Hospitals' strategic vision to consolidate and grow its presence across North India, while replicating its proven success in providing high quality and accountable healthcare.

This partnership is expected to significantly benefit the existing patient base at Metis – The Medicity Hospital, while also extending access to super-specialty services for people from nearby towns, villages, and districts.
