i-Hub Gujarat and India Accelerator launch Sanjeevan Healthcare Accelerator Programme

04 September 2025 | News

12-week accelerator programme to provide mentorship, market access, and funding opportunities

i-Hub Gujarat, the state's flagship startup and innovation hub under the Education Department, Government of Gujarat, in collaboration with India Accelerator (IA), India's leading fund-led accelerator, has launched the Sanjeevan Healthcare Accelerator Programme—a 12-week initiative to nurture and scale promising healthcare startups.

The programme is designed to strengthen India's healthcare ecosystem by helping startups achieve market readiness, access funding, and grow sustainably. Selected ventures will benefit from structured capacity-building sessions, one-on-one mentorship with healthcare experts, tailored go-to-market strategies, and access to industry networks and investors. The programme will conclude with a high-impact Investor Demo Day, giving founders a platform to showcase their innovations to top venture funds and healthcare leaders.

The 12-week Sanjeevan Healthcare Accelerator will provide startups with expert mentorship, tailored go-to-market support, and access to networks, markets, and strategic partners. The programme will conclude with an Investor Demo Day, giving founders the chance to pitch to leading funds and healthcare stakeholders.

Applications are open for early and growth-stage healthcare startups until 15th September 2025, with the cohort starting in September 2025.
