

ASG Eye Hospital and Bavishi Eye Hospitals announce landmark partnership to expand eye care in Gujarat

08 October 2025 | News

Collaboration combines Bavishi Eye Hospital's 60-year legacy with ASG Eye Hospital's scale and technology

ASG Eye Hospital, one of India's fastest-growing super-specialty eye-care chains with 175+ hospitals and 200 vision centres across 87 cities, has announced a strategic partnership with Bavishi Eye Hospitals, a pioneer in ophthalmology with six decades of trusted care in Gujarat.

The Chief Minister of Gujarat Bhupendrabhai Patel was the Guest of Honour and hailed the partnership as a prestigious milestone in advancing eye care in the state.

The Chief Minister congratulated ASG Eye Hospital and Bavishi Eye Hospitals on joining forces to expand access to high-quality ophthalmic services across Gujarat, and emphasised that such collaborations not only strengthen the healthcare ecosystem but also bring world-class medical care closer to communities.

The alliance between ASG Eye Hospital brings together Bavishi's deep-rooted community trust and clinical expertise with ASG's national network, advanced technology, and standardised protocols. This partnership will immediately expand access to world-class eye care across Gujarat, while maintaining Bavishi's legacy of excellence.

These centres will be manned by round the clock for all specialities and sub specialities for ophthalmology under one roof, which include spectacle correction or LASIK, retina services, paediatric ophthalmology, Myopia clinic, Amblyopia correction, Ocular oncology, Oculoplasty and facial Aesthetics, glaucoma management, corneal transplantation along with many more.

The collaboration will also expand services to new locations, including Nehru Nagar, Relief Road, Isanpur, and a flagship Centre of Excellence on SG Highway. Patients will benefit from shorter waiting times, uniform clinical standards, and

enhanced training programmes for doctors.
