India's first Episkin innovation challenge to conclude with Grand Finale in Bengaluru

10 November 2025 | News

Promoting ethical, non-animal testing research using EPISKINâ??s reconstructed human tissue models

Krishgen Biosystems, in collaboration with EPISKIN, will host the Grand Finale of the BioReImagine – Innovation Challenge 2025 on Thursday, November 27, 2025 in Bengaluru.

The event marks the culmination of India's first national-level innovation challenge promoting ethical, non-animal testing research using EPISKIN's reconstructed human tissue models. The top three finalists from across India will present their proof-of-concept projects to an expert jury comprising scientists, industry leaders, and regulatory professionals.

Keynote sessions by senior ADMET and life-science experts will highlight how reconstructed human tissue technologies are transforming predictive toxicology, safety assessment, and regulatory science.

"BioReImagine 2025 is a step toward India's scientific future - where innovation and ethics go hand in hand," said Kalpesh Jain, Director, Krishgen Biosystems.

BioReImagine – Innovation Challenge 2025 is taking place on November 27, 2025, from 3:00 PM to 7:00 PM, at NIMHANS Convention Centre, Bengaluru
