FE Pharma Summit & Awards 2026 names J Mitra & Company as â??Best Biotech Company of the Yearâ??

24 March 2026 | News

Award recognises J Mitra & Companyâ??s nearly six decades of leadership and its relentless pursuit of indigenous innovation

J Mitra & Company, India’s pioneer in the in-vitro diagnostics (IVD) industry, has been honoured with the prestigious ‘Best BioTech Company of the Year’ award at the FE Pharma Summit & Awards 2026. The ceremony, held recently in New Delhi, brought together the nation’s top pharmaceutical leaders, policymakers, and healthcare innovators to celebrate excellence in the life sciences sector.

The award recognises J Mitra & Company’s nearly six decades of leadership and its relentless pursuit of indigenous innovation. Known for transforming the Indian diagnostic landscape, the company was lauded for its robust Research & Development (R&D) ecosystem, which has consistently delivered high-quality, affordable, and accessible diagnostic solutions.

With over 65 patents, the highest for any company in its segment in India, J Mitra continues to lead the "Make in India" initiative for the global stage. The company’s R&D department is at the heart of its operations, focusing on "frugal medical engineering" to ensure that advanced medical technology reaches the remotest parts of the country and the world.

Speaking on the achievement, Jatin Mahajan, Managing Director of J Mitra & Company, said, "This recognition as the Best BioTech Company of the Year is a testament to our team’s dedication to scientific excellence. At J Mitra, R&D is not just a department; it is our foundation. We remain committed to pushing the boundaries of biotechnology to create solutions that are not only world-class in accuracy but also tailored to the unique challenges of the Indian healthcare ecosystem."
