Raay Neo Pharma launches to transform India's healthcare landscape

21 April 2026 | News

With quality-driven, patient-centric pharmaceutical solutions

Raay Neo Pharma, a next-generation pharmaceutical company, has officially unveiled its operations in Mumbai, with the aim to contribute to quality healthcare for all Indians.

Founded using a flexible and scalable operational framework and supported by more than five decades of diverse entrepreneurial success, Raay Neo Pharma will be introducing its range of more than 90 formulations in both acute and specialized therapy segments, along with promising pipeline of novel formulations under development.

Established by renowned entrepreneur Amit Patni, who comes from a rich family legacy behind creating Patni Computers and businesses in manufacturing, healthcare infrastructure, energy, and finance sectors, Raay Neo Pharma offers a unique blend of science, ethics, and consumer-centricity to India's emerging pharmaceutical landscape.

Raay Neo Pharma caters to a comprehensive range of therapeutic areas including antibiotics, anti-diabetic medication, gastro-intestinal products, pain & orthopaedic management, allergy & respiratory care, cardiac therapy, dermatology, proton pump inhibitors, among others. It is committed to providing branded generic drugs with precise formulations that cater to general and specific requirements while being dedicated to their efficiency and safety.

With a strong geographical presence in a densely populated and highly influential states like Bihar, Jharkhand, Odisha, Uttarakhand, Uttar Pradesh, Madhya Pradesh, Chhattisgarh, Delhi- NCR, Maharashtra, Karnataka, Telangana & Andhra Pradesh and Goa among others – Raay Neo Pharma reaches about 55-60% of the Indian population bringing essential medicines to communities.
