Concord Biotech supports Ahmedabad University to open biology teaching lab

18 August 2026 | News

To provide students with hands-on exposure to industry-relevant skills

Concord Biotech has extended support to Ahmedabad University with a state-of-the-art Biology Teaching Lab, inaugurated by Sudhir Vaid, Chairman & Managing Director, Concord Biotech Limited, recently.

The new facility will provide students with hands-on exposure to industry-relevant skills and foster the next generation of scientists, researchers and biotech leaders.

Sudhir Vaid shared, "We believe that the future of life sciences in India will be shaped by the quality of education and research talent we nurture today."

Through initiatives like these, Concord Biotech remains committed to strengthening the bridge between academia and industry, while laying the foundation for the next generation of life sciences and biopharmaceutical innovation.
