## Eppendorf introduces new addition to Research 3 neo single channel pipette line

18 August 2026 | News

**Faster and easier volume adjustment with a lock to prevent accidental volume changes during pipetting**

Eppendorf has introduced a new addition to their Eppendorf Research 3 neo single channel pipette line, launched in 2025: Starting today, laboratories worldwide can order 3-pack and 6-pack bundles offered at a special rate, making it easier and more cost-effective to upgrade to the latest in Eppendorf pipetting technology.

Details of the new offering include-

3-pack bundles: Choose from three sets, each tailored to common laboratory needs:

- o Option 1: 10  $\mu$ L, 100  $\mu$ L, and 1000  $\mu$ L pipettes
- o Option 2: 20  $\mu$ L, 200  $\mu$ L, and 1000  $\mu$ L pipettes
- o Option 3: 1000  $\mu$ L, 5 mL, and 10 mL pipettes

6-pack bundle: Includes 2.5  $\mu$ L, 10  $\mu$ L, 20  $\mu$ L, 100  $\mu$ L, 200  $\mu$ L, and 1000  $\mu$ L pipettes, plus a Pipette Carousel 2 for convenient and safe storage.

Bonus item: All multi-packs include an original Eppendorf pipette pen.

Research 3 neo pipettes address key pain points for scientists, such as faster and easier volume adjustment with a lock to prevent accidental volume changes during pipetting, improved ergonomics with a shorter pipetting button, flexible labeling options, and the trusted reliability and ergonomics Eppendorf is known for.
