BioSpectrum Top 20 Biotech Schools Survey 2012

The BioSpectrum Top 20 Biotech Schools includes institutions offering BTech, Masters and PhD courses. The study was conducted during May-July 2012. The ranking is based on measurable and quantifiable data. The research team did not seek perceptions and opinions of stakeholders such as students or industry to rank the institutes.

The various steps involved were: identification of parameters for ranking the institutes, ranking on basis of the parameters, data collection, analysis and ranking of the institutes. The ranking parameters were faculty, infrastructure, placements and weights.
