Transasia Bio-Medicals launches new products

The ERBA Group of Companies, a subsidiary of Transasia Bio-Medicals has launched its latest Hb Vario, EBG Stat 820 /1020 Blood gas analyzer, semi-automated hemostasis- ECL 412/ ECL 105 and fully automated urine sedimentation, Laura XL-Line. The Product was launched at the Arab Health Exhibition held between 26-29 January 2015 at the Dubai International Convention and Exhibition Centre.

The ERBA Group was represented by Mr Suresh Vazirani, chairman and MD, and his team.

ERBA has been an active part of the exhibition for eleven years. This year too, the ERBA Group showcased some of its latest and best technologies in the field of Hemostasis, Immunology and Diabetic management based assays, using HPLC based HbA1c analyzer as well as its critical product range of blood gas analyzers.

The ERBA team has managed to grab some spot orders as well, from reputed organizations across the world, at the exhibition.
