SRL Diagnostics to expand its business

SRL Diagnostics is planning to open labs and collection centres in Kenya, Tanzania, Mozambique and Uganda.

"We have 260 laboratories across India, Nepal, Sri Lanka and Dubai. The company sees significant opportunity in Africa. Now we plan to expand our network in Kenya, Tanzania, Mozambique and Uganda," said Mr Sanjeev Vashishta, CEO, SRL Diagnostics, in a statement.

The company will tie up with a local partner to set up reference laboratories.
